Guwáádzi (Hello) Acoma Pueblo is part of New Mexico’s cultural heritage as the oldest continuously inhabited settlement in North America. The name “Aaku” means “People of the White Rock” in the Puebloan Keresan dialect. The Acoma people have continuously occupied the area for more than 800 years. Acoma tribal tradition estimates that they have lived in the village for more than two thousand years. Strategically built atop a 357-foot sandstone mesa, Acoma Pueblo is more familiarly known as **Sky City**.
